**Smarty Pants Product of the Week - Soy Delicious Candle**

**Product**

Soy Delicious Candle

**Smarty Pants Review**

Are you a tremendous fan of all-in-one products like me? I love them! Soy *Delicious Candles* is that, and more! Over the last several weeks I have enjoyed the *Island Mango* aroma from

my *Soy Delicious* candle. The scent is great, especially in the summer! As the candle burns the unique soy "wax" softens. Carefully using your finger or the provided little spoon, you can scoop out a little softened soy to use as a moisturizer - soy with its Vitamin E antioxidant properties, becomes a soft and luxurious moisturizer! So it's a candle AND a moisturizer! Wait, it gets even better!!! When you have burned out the candle (used up all the soy), wash the glass and you have a 14 oz tumbler for your next cocktail!

**Why is it a Smarty Pants of Product?**

Great value...candle, moisturizer and tumbler in one all natural soy candle! Makes a perfect gift!
